

Constraint	Possible effect of constraint on Project	Solution
Hardware and Software Platforms	Will only be able to test that it works on Macbook, and on Chrome Browser on this occasion	n/a
Performance Requirements	High resolution images and videos may cause issues with performance	Will attempt to Keep images optimised where possible, failing that will leave images until optimisation is possible
Persistent Storage and Transactions	As the databse grows the storage might run out	Look at larger storage for the database
Usability	The web app will only currently be usable by me.	Ask others around me to try out my web app and get feedback
Budgets	Budget does not effect me on this Project	n/a
Time limitations	Limited by the Deadline given to me by the instructors	Manage my time efficiently to ensure i will be able to at least deliver MVP by the deadline
